

Coming Soon – Express and Convenient Petrol Station in Your Community

Ref: AAF/AR/1589/0218

3 March 2018

To all residents of Arabian Ranches

Dear Resident,

We are pleased to announce that Arabian Ranches will soon have its own express petrol station within the community.

With a brand-new concept from Emirates National Oil Company (ENOC), the project will involve the installation of modular above-the-ground refueling facilities. While the express petrol station will be manned round the clock by service assistants, the facilities will follow green practices to ensure they are an environment-friendly addition to the community. The environmental practices and technology applied by ENOC are one of its kind, that ensures safe and secure atmosphere for residents. The express petrol station will only cater to light vehicles and exclusively for the residents of Arabian Ranches.

This express station will be strategically located opposite the Mirador community near Gate 2 and shall be screened naturally. For the installation of the petrol station, some of the landscaping at this location will be removed and relocated within the same vicinity.

We hope that this initiative will come as a welcome move for you and other residents, who will soon have an option to refuel within your own community. As part of the initiative ENOC shall be providing residents with their state of the art ViP tags for ease of access and refueling.

We value your continued support and assure you of our best service at all times.

Best regards,

Ahmad Al Falasi
Executive Director - Group Operations
Emaar Properties PJSC
